SUBJ: **Request for Access to Well**
Bridgeview II Auto Detailing, Block 69, Lot 1.14
GEO Project No. 94039T4

Dear Mr. Pinto:

This is to request your authorization for GEO Engineering and our subcontractors to enter your property to access a well that was installed by the Army Corps of Engineers. The property is located in Lodi, New Jersey, along the Saddle River at Block 69, Lot 1.14, and we understand that the current tenant is Bridgeview II Auto Detailing. The Army Corps of Engineers has granted us permission to access their well to survey the well, take measurements, and to collect ground water samples from it. A copy of their letter of permission is enclosed.

We are requesting access to the well on your property on behalf of and as consultants for Hexcel Corporation (Hexcel). The New Jersey Department of Environmental Protection (NJDEP) has required Hexcel to perform this investigation on your property as part of the Industrial Site Recovery Act (ISRA) case for the Hexcel property across the river from your above-referenced property.

To provide your authorization, please sign in the space provided below and return this original to us. We are enclosing a copy of this letter and a self-addressed and stamped envelope for your convenience.

If you have any questions regarding this request, feel free to contact us at (201) 361-3600 or Joe Nowak, the NJDEP case manager, at (609) 292-0130. We thank you in advance for your cooperation.

Sincerely,

GEO ENGINEERING, INC.

Marjorie A. Piette
